The following is the aggregate number of deaths from yellow fever approximating accuracy:

Murfreesboro Jackson, Miss Mobile, Ala... Blue Ridge... Collierville ... Goodrich Lan'g. Beechland, Miss. Bolton, Miss. Bowling Green Mason, Tenn.... Pass Christian... Bay St. Louis...

TUESDAY'S PRESS DISPATCHES. MEMPHIS. MEMPHIS, Sept. 16.—The mortality, to-day

Mr. John S. Elder has commenced the brick work on his new house on the Red Corner stand, and when completed the building will be one of the most imposing in the city.

Mr. Charlie Bryan and wife

her in a very prostrate condition. It was while in this condition that the victorious shooters were Prof. Brooks, Messrs. R. D. Moseley and Rufus Rhodes and some others, and the proceeds netted for the charity were about \$40. The shooting is spoken of as very fine.

Mr. Charlie Bryan and wife

Mr. Charlie Bry NEW ORLEADS,

BROWNSVILLE,

MEMPHIS, Sept. 17.—Ninety-six deaths are reported to-day, of which 24 were colored. (in, June 19, 1879.

Owing to the difficulties experienced in burying the dead at Elmwood, Supt. Phillips being sick, and his assistant, John Dawson, dead, the Howard Association has placed a man in charge of the cemetery. Two hundred and five new cases are reported. The fever is spreading in the suburbs, and a large number of deaties are occurring at points several miles from the city. The force of physicians, nurses and visitors is being gradually reduced, and the situation is becoming more frightful hourly.

NEW ORLEANS. NEW ORLEANS, Sept. 17.—New cases, 223; deaths, 62 The death lists for the past three days include 59 children under 7 years.

PARIS. Clay Dean, two chickens, one bushel of potatoes; M. G. Gholson, two hams, one sack of meal, one sack dried fruit.

From W. B. Radford, two barrels of flour. Collected by Dr W A Shelby. From Jas Brunty, two pieces bacon; Mr Carlisle, one-balf barrel flour. Henry Rives one side people panic stricken. BROWNSVILLE.

BROWNSVILLE, Sept. 17.—The outlook to-day, is decidedly better. Five new cases are reported. Mr. R. H. Scott, a Howard, having a virulent strack at Dr. Hawes' residence, is one of the number. He has the disadvantage of being worked down, but we hope to bring him through by careful treatment. There were three deaths reported to-day, one from the yellow fever infirmary, a child of Mr. E. B. Treese, and Jeff Bond, colored. Many of our cases are reported doing well, to-day, but as night comes on there always comes the saddening report, "Not so well, to-night." We have learned by sad experience what this means. It is simply death in a few days, generally when they relapse. We will hope for the best, however. Our finances are slim yet, and over eighty cases are on our hands. But for the liberality of Nashville, Clarksville, Bowling Green, Jackson and many friends in other places we would have been leß in desperate straits.

CHATTANOOGA. CHATTANOGA, Sept. 17.—The most intense excitement has existed here to-day, in con-equence of a belief that yellow fever had sequence of a belief that yellow fever had broken out. The scare was caused by the death of several citizens with pernicious billious fever. Quite a stamped e was created, and a large number of people left town. The Board of Health met this afternoon, and agreed that there was no yellow fever in town with, perhaps, one exception, about which there was a diversity of opinion. The town is much quieter to-night.

THURSDAY'S PRESS DISPATCHES.

MEMPHIS.

MEMPHIS, Sept. 18.—There is a perceptible increase in the activity about the Howard headquarters this morning, and apparently no decrease in the number of new cases, although the report of deaths is lighter, only 38 being reported up to noon, making 91 for the past twenty-four hours. The supply of coffins is running very low and it is with coffins is running very low, and it is with great difficulty anything but rough coffin-shaped boxes can be obtained, even by peo-ple in good circumstances. NEW ORLEANS.

New Orleans, Sept. 18.—New cases, 252; deaths, 68. The weather is clear and warm. The deaths include 23 children under seven BROWNSVILLE.

PARIS.

PARIS, Sept. 18.—Two new cases to-day, ne of them from Memphis, and the other rought in off the road. No deaths. A loward Association was formed to-day as a caution. The days are warm, and the rights cool and foggy. HUMBOLDT.

HUMBOLDT.

HUMBOLDT, Sept. I8.—Mayor Hailey issued a proclamation to-day quarantining against the world. No trains on the Louisville & Nashville railroad are allowed to stop, and no mail from the west can be put off. Fires are kept burning throughout the town and henvy guns are fired every night. Our town was never healthier, and we hope now to miss Yellow Jack.

CHATTANOOGA. CHATTANOOGA, Sept. 18.—One case, reported by Dr. W. T. Hope, died of yellow fever, a woman named Lizzie Morgan, a prostitute who had been in feeble health for severa weeks, and had been confined to her room fever in the city, none of which are very serious or likely to prove fatal. IN BRIEF.

weeks ago.

-R, W. Bleu, publisher of the Western Methodist at Memphis, and three of his children, died within twenty-four hours of each other with the yellow fover, and the remaining two, at this writing, are at the

should be at such a time."

—A New Orleans dispatch of Wednesday says: "Dr. Samuel Choppin, to-day at 12 o'clock, transfused, at the Orleans Infirmery, eight ounces of blood from the arm of a healthy stone laborer into the velns of E. J. Gay, Jr., sick and very low of yellow fever. The object was to sustain life in the vatient to see if the kidneys would act, which, however, they refused to do, and at 11 p. m. Mr. Gay died from suppression of the urine."

—The Courier-Journal of Wednesday says: "Louisville has not had a single case of yellow yellow fever, nor the semblance of a case. A comparison of the health of this season with that of the same period in former years, shows that there have been less deaths than ever before. The method of treating patients who have come here from the South, is wonderfully successful, half of the retugees in the hospital having recovered. Stories of original fever here are malicious."

The Brownsville States, of the 12th inst., says: "One of the most dreadful and sickening events transpired in this town last night that was ever recorded in our history. Mr. Cog Groves, a resident citizen of this town, aged thirty-two, had been down with the fever for some time and finally convalescent. Two or three days ago, however, he acted imprudently and had a bad relapse. Last night his brother, Rivers Groves, visited him at the Hendren place on Hatchie av., south of the depot, where he had been cared for constantly by a nurse since bis sickness, and by the friends who visited him from time to time. At that time, 9 p. m., he was perfectly wild with delirium, but deciaring that he was instane, and asking what asylum would shelter him. Finally he became quiet and his brother left him for the night. About 2 a. m. some of the Howards who were on duty discovered the building occupled by the sick man in flames. They has--The Brownsville States, of the 12th inst., were on duty discovered the building occupied by the sick man in flames. They has
tened to the spot, but too late. The buildin
and the ill-fated inmate were consumed
and the charred remains of portions of the
trunk could be found. These were gathered
up and buried to-day. Mr. Groves was un
married. His tragic death has shed an addit
tional gloom over our deserted and stricker
town. May God help us, for we are impoten
to help ourselves."

On Sunday morning last two negroes named Arch Johnson and Bill McClure, got into a difficulty Journal, and will be found closely the suburbs of this city, in which difficuly Johnson shot McClure, from the effects of which he died in a few minutes. Johnson made his escape and had not been arrested at the time of writing this paragraph.

> MESSRS, LOOP AND HUNT, of the Chickasaw Guards, attended the meeting of the C. C. Guards Tuesday night, and put the boys through the manual of arms. The Clarksville company have received their guns, which are handsome breechwill receive their uniforms soon.
